

Dear Parents:

Your child has an opportunity to be given access to the District's electronic communications system and needs your permission to do so. Your child will be able to communicate with other schools, colleges, organizations, and individuals around the world through the Internet and other electronic information systems/networks.

The Internet is a network of networks. Through the District's electronic communications system, your child will have access to hundreds of databases, libraries, and computer services all over the world.

With this educational opportunity also comes responsibility. It is important that you and your child read the enclosed District Student Acceptable Use Agreement for Internet Access form and discuss appropriate use of electronic resources together. Inappropriate system use will result in the loss of the privilege to use this educational tool.

Please note that the Internet is an association of diverse communication and information networks. It is possible that your child may encounter areas of adult content and some material you might find objectionable. While the District will take reasonable steps to preclude access to such material and does not condone such access, it is not possible for us to absolutely prevent access to that information.

Please return the attached agreement form indicating your permission or denial of permission for your child to participate in the District's electronic communications system.

Sincerely,

---

Principal or Technology Coordinator
